## ***A journey for Science***

**SPEAKER:**

### **PROF. DR DEBMALYA BARH**

Pesquisador Dr. Debmalya Barh is an M.Sc. (Applied Genetics), Ph.D. (Biotechnology), Ph.D. (Bioinformatics), Post-Doc (Bioinformatics), and PGDM (Postgraduate in Management). His is blended with both industrial and academic research experience for decades. Dr. Barh is an expert in omics-based biomarker and target discovery, genetic tests, infectious diseases, and precision health. He is currently a Visiting Full Professor (Titular, Grade-E) at the Department of Genetics, Ecology and Evolution, Institute of Biological Sciences (ICB), Federal University of Minas Gerais (UFMG), Brazil where he has introduced “Personal Genome and Precision Health” course in 2021. He is also an Honorary Scientist at the Institute of Integrative Omics and Applied Biotechnology (IIOAB), India. Dr. Barh has published over 180 research and review articles, 45-plus book chapters, and has edited 25-plus books published by Taylor & Francis Group, Elsevier, and Springer related to precision health and various omics technologies and their applications. He is an editorial board member of several journals including Frontiers, PeerJ, and frequently reviews articles for Nature publications, Elsevier.
